THEO. P. HAUGHET, Pres't. H. LATHAM. Cash.

Large Receipts Cause Weakness in the Wheat Pit and Prices Decline a Trifle.

CONDITION OF THE MARKETS

Corn Opens Weak and Lower and the Market Breaks About One Cent-Oats Without Notable Change-Provisions Dull.

MONEY, BONDS AND STOCKS.

The New York Market Shows but Little Change, Though Active Share Are Higher. NEW YORK, July 17 .- Money on call was easy at 1014 per cent., the last loan being made at 14, closing offered at 14.

Prime mercantile paper, 426; per cent. Sterlinge exchange was quiet, but steady and

unchanged. The total sales of stocks to-day were 213,108 shares, including the following: Delaware. Lackawanna & Western, 5,230; Lake Shore, 5,762; Louisville & Nashville, 9,605; Missouri Pacific, 7,166; Norfolk & Western preferred, 3,250; Northern Pacific, 7, 200; Northern Pacific, preferred, 24,900; Oregon Transcontinental, 8,975; Reading, 23,500: Richmond & West Point, 13,688; St. Paul, 25,627; Texas Pacific, 5,220; Union

Pacific, 9,875; Western Union, 11,250. The stock market to-day, except in a few spestal stocks, made no progress in either direction of importance, though a fractional decline in the early trading was followed by a full recovery. The market then subsided into the dull and listless state so prevalent a short time ago, and developed no further feature for the remainder of the day. There was, however, a renewal of the buying toward the close, which ifted prices above the level of the forencon. The traders expected a further decline this morning, in which London selling was to figure largely, but the feeling abroad had been strengthened by rumors that the Iowa case had been decided in favor of the railroads, and | 463, or to under last night. September sold London prices came higher, and the foreigners | down to 451c, closing at 461. Oats were quiet. were buyers of their specialties. The attack was made upon the list, however, and for a short time some impression was made upon prices, though in no case did it exceed a fraction. The domestic buying was good, and Philadelphia is credited with taking a line of the Villard stocks, which were a marked feature of the day's operations, and it is said that the buying is connected with a contest for control at the next annual meeting between the Wright and Villard factions. The announcement that the East Tennessee directors would declare a dividend on the first preferred stock stimulated the buying in Richmond & West Point, and the preferred was the special feature of the day, advancing steadily throughout, and its unusual strength had a good effect upon the Southern properties, all of which were comparatively active and strong. Louisville was freely taken for London account, and shows a material gain this evening. The coal stocks, outside of Reading, were rather quiet, but Jersey Central spurted up on the advances in the prices of coal, and trunk line stocks were featureless throughout. The news of the day was of a favorable nature, the reports from the growing crops, the disposition shown by the trunk lines to discontinue the fight on rates and the reported progress toward a settlement of the Burlington & Quincy matter, all helping to the general bullish feeling. The first sales were made at advances over last night's closing prices of from † to † per cent., generally, while Louisville & Nashville was exceptional with a gain of 1 per cent. The traders, however; forced prices off in the early trading from 1 to 2 per cent., but the buying was too strong for them, and before the end of the hour most of the losses were regained, and by noon, when the market became dull and featureless, the majority of the list showed advances. A period of dullness and stagnation followed, but in the last hour there was renewed buying, chiefly to cover, and the best prices of the day were reached. The close was quiet but firm to strong at about the highest figures. The active list is invariably higher this evening; most of the gains are for small fractions only, though Richmond & West Point preferred

Railroad bonds were more quiet to-day, and the only notable animation was in Texas Pacific issues, the seconds furnishing \$203,000 and the firsts \$134,000 out of a total day's business of \$1,331,000. The tone of the dealings, however, was much stronger, and final losses are few in number, while the only important decline was in St. Paul consols, which lost 13 at 1241. The advances, however, include Chesapeake, Obio & Southwestern seconds, 41, to 721; Detroit,

Bay City & Alpena firsts 23, to 1083.

Molasses dull. Rice quiet and steady. Tallow quiet and steady. Rosin dull.

Eggs dull and weak; receipts, 6,403 packages Western, 16@18c. Pork steady and unchanged. Cut meats firm; pickled shoulders, 7c. Lard about 4 points lower and very dull; Western steam, spot, 8.45@8.55c, closing 8.45c; July, 8.42@8.47c; August, 8.42@8.48c; September, 8.44@8.51c; city steam, Sc. Butter quiet and weak, except on really fine; Western, 13 @ 20c. Cheese dull and easier; Ohio

flat, 7@81c. CHICAGO, July 17.-There were several things to make wheat weak to-day. The representatives of foreign houses, who took liberally yesterday, were not buyers this morning to any extent. The number of "shorts" was greatly diminished by the taking of the Hutchinson wheat for several days. Hutchinson's brokers were still pretending to do business on the "bear" side. The receipts here were considerably increased, and the receipts in the Northwest were very large. The export clearances were but a few thousand bushels, but this was partly balanced by the amount of flour moving away from the seaboard. Early cables were firm, but wheat was weak and lower at New York. The 200,000 bushels received at Minnespolis yesterday and the 152,000 additional to-day gave rise to the idea that the invisible supply in the Northwest may yet be considerable. Fifty minutes before the close futures here were uniformly to under the close last night, although the range for August was last night, although the range for August was close to 1c, and the price was at one time early ic under; August sold at 79ic and 80ic; December, 80ic; September, 79ic and 80ic; December, 81ic and 82ic. Before the close, August wheat rallied to 79ic and dropped back to 79ic 79ic to close. Other futures closed: July, 81ic; September, 79ic; October, 80ic; December 82c. Corn started is under last night, because the receipts 398 cars, were so near the estimate, receipts, 398 cars, were so near the estimate, and more than the general expectations. In addition to the large receipts, there was pounding by several local houses, and with no outside support the market broke early about le. August sold at 45%c and 46%c, and closed at Most of the attention of traders was turned to near futures, while less than the usual interest was exhibited in the deferred deliveries, aside from May, which was without marked change. July opened steady and soon advanced ic, to 31ic, at which figure there was but little trading, with the price soon receding to 31c, at which there were numerous transactions. August hovered around 254 all day, and the following months at about to discount. Business in provisions was light. Arrivals of hogs were disappointingly small, and prices 5 to 10c higher. The market for cured products, however, was weaker, and at the close a decline of 10c on pork, .07 c on lard, and .05c on short-rib sides was established. Outside holders have become discouraged at the continued dragging tendency, and decided to close out, and a number of small lots were thrown overboard. There was little buying support, hence the moderate offerings caused the weakness and decline in prices. August pork opened 71c lower, at \$13.30, declined to \$13.221, and closed at \$13.271. Lard was offered more freely than any other article. August sold at 8.25 @8.32 tc, and closed at 8.25c. Short ribs for August were quiet at 7.65 @ 7.70c,

closed at 7.65c. The leading futures ranged as Wheat-July .... August ... September October ... Corn-July..... August.... September October ... Oats-July ..... August .... September October ... Hogs-Market active; common and light, \$4.50@ 5.90; packing and butchers', \$5.75@6.10. Receipts, 690; shipments, 600.

INDIANAPOLIS MARKETS.

Trade Up to the Usual Summer Average-Some Departments Leading Last Year. INDIANAPOLIS, July 17.

On careful inquiry we find that in all branches of trade the volume of business is fully up to the usual July average, and in some branches an improvement over the corresponding period last year is shown. Take the produce markets, for instance; never in the history of Indianapohis have the commission men done as good a business and a more profitable one than in the last sixty days. The hardware men have, as well, experienced a big trade. The dry goods men report a decided improvement over last year. To be sure, competition is sharp and margins small. These are indications that business is on a healthy basis; that the days of speculating are past, or at least the time is past when a merchant in any branch of business can become rich in one year through fluctuations in values. In prices to-day there were but few changes. Steadiness and firmness are the characteristics of most articles. Sugars are still upward in their tendency, while coffees are rather flat and prices tend downward. Other staple groceries rule firm. Receipts of choice butter and of eggs are, comparatively speaking, light and prices are strong at quotations. The recoipts of poultry are increasing and prices weakening. Berries were in large supply to-day, and Watermelons are very abun-

dant, and lower prices are looked for this season than in any year since the sales became so large. Oranges are scarce and high. Lemons are arriving more freely, but with an active demand prices are well maintained. There is more activity to the flour market, and East a shade higher prices are quoted, and in this market flour cannot be purchased at as low figures as at the corresponding period last year. The hide men report receipts as large for the season, but the market East rules dull and the Western markets feel it in prices.

Receipts are on the increase, and more interest is shown among dealers, yet they take hold cautiously, which gives a tame tone to the market. The Indianapolis Market Report says: "The movement of grain shows a decided in-The movement of grain shows a decided increase. Inspection for past two days amount to 81 cars as against 32 cars for preceding two days. Wheat—The receipts and offerings from the country are much improved. The poor quality of the samples being received is a dampener to trade to a certain degree, as it is dangerous to sell ahead expecting arrivals to grade 2 red. No. 2 red is salable at 79@80c; old commands a premium of 2@3c. On the call-board 3 red sold at 74c. Corn—On this market there 3 red sold at 74c. Corn-On this market there is not much doing between the trade. Offerings from the country are liberal, and of white greater than the requirements. Early, No. 2 white sold at 52 c, later there was no demand at above 50 250 c. No. 2 mixed salable at 46 c, track or to arrive. Oats-Market dull. The demand is entirely of a local character, at prices below quoted. Bran quiet, with limited demand at \$12.25 @ 12.50." Track bids to-day ruled as follows:

Wheat-No. 2 Mediterranean.... Old No. 2 Mediterranean.... No. 2 red.... Old No. 2 red..... Rejected..... Corn-No. 1 white..... No. 2 white..... No. 3 mixed..... Oats-No. 2 white..... No. 3 white..... Hay-Choice timothy...... 18.00 No. 1. timothy...... 17.00
